

TriCon Consulting, Inc.

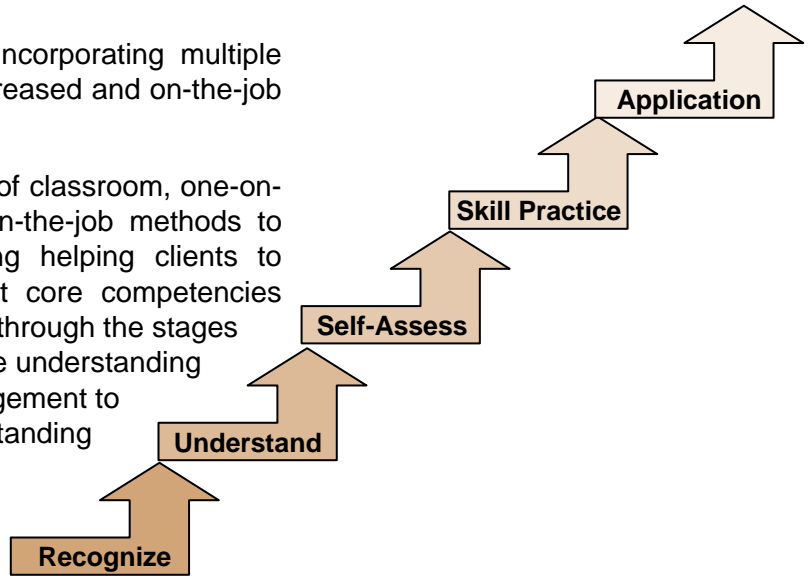

Project Management Training and Consulting
Integrating the Art and Science of Project Management

Professional Development

TriCon Consulting, Inc. has established a strong reputation in the area of project management training and professional development.

Experience has shown that by incorporating multiple training techniques learning is increased and on-the-job application occurs faster.

TriCon Consulting uses a variety of classroom, one-on-one and group coaching, and on-the-job methods to provide experience-based training helping clients to increase their project management core competencies by helping team members move through the stages of competency acquisition from the understanding the fundamentals of project management to effectively transferring that understanding to the work place.
